

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 20, 1995

SUBJECT: **SB 425 - HB 575**

This bill, if enacted, will subject cellular telephones and other wireless telephone services to an emergency telephone service charge as determined by an Emergency Communications District Review Board. This board will use the proceeds to fund its operations, establish minimum levels of emergency communications services, enhance services to wireless telephone users and to make grants to improve local service.

The fiscal impact from enactment of this bill is estimated to be an increase in first year state revenues from the service charge established for cellular telephones and other wireless telephone services in the state; however, a reasonable estimate of the increase cannot be determined but is estimated to exceed \$500,000.

The enactment of this bill is also estimated to result in an increase in first year state expenditures from funds used by the Emergency Communications District Review Board to fund its operations and other activities; however, a reasonable estimate of the increase cannot be determined but is estimated to exceed \$500,000.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is fluid and cursive, with the first name "James" being the most prominent part.

James A. Davenport, Executive Director
